

ANDROID APP DEVELOPMENT COURSE

Kiyan Training & Placement Institute – Vaishali Nagar, Jaipur

Android is the world's most widely used mobile operating system, enabling developers to create powerful, scalable, and user-friendly mobile applications. This course is designed for students, beginners, and professionals who want to build a successful career as an Android Developer or Mobile App Developer.

Course Overview

The Android App Development Course at Kiyan Training Institute focuses on **practical, project-based learning** with real-world mobile app development concepts. Students will learn Android fundamentals, UI/UX design, API integration, database handling, and app deployment using **Android Studio, Java, and Kotlin**.

The training program includes **live projects, interview preparation, resume building, and placement assistance** to make students industry-ready mobile developers.
