Build Skills

Gain Confidence

Shape Your Future

## Who We Are?

Kiyan Training Institute, located in Vaishali Nagar, Jaipur, is a career-focused learning hub dedicated to building real-world technical skills with specialized training in RSCIT and other IT programs. We offer practical, job-oriented training with expert mentorship, hands-on projects, and an updated curriculum to help students and professionals achieve their career goals.

## About the RSCIT Summer Internship

A practical and skill-oriented program designed to build strong digital and computer fundamentals. This internship offers an interactive learning experience blending theoretical knowledge with practical application.

- **Work on Real-Time Tasks:** Gain hands-on experience with actual industry-level tasks and projects.
- **Boost Confidence & Problem-Solving:** Develop critical thinking and digital confidence through practice.
- **Ideal for Students & Beginners:** Suitable for students, beginners, and working professionals alike.
- **Learn MS Office & Basic IT Skills:** Master essential tools used in every professional environment.
- **Improve Digital Literacy:** Understand computer concepts that enhance everyday productivity.
